

STUDENTS AND THE NEWS MEDIA

Generally, students may not be interviewed during the school day by members of the news media. Students, while on school district premises, shall refer interview requests and information requests from the news media to their building principal.

It shall be within the discretion of the superintendent, to allow or disallow the news media to interview and to receive information from the student while the student is under the control of the school district. The district may also contact the student's parents.
