 M.A.L.L. (Math Activity Learning Log)  
 Guidelines for Table of Contents  
 2007

- 1.) All pages will be numbered and titled. (You may number and title as you work through the trimester or you can set up the MALL at the beginning of the unit.)
- 2.) The table of contents will have roman numerals and page numbers.
- 3.) The roman numerals will be the unit headings within that trimester. Sub categories will be activities, notes, vocabulary and other sufficient material for that unit.
- 4.) First page of each unit will be for key vocabulary.
- 5.) The remainder of the pages should be set up according to each of the units and the notes you will be providing the students.

HINT: M.A.L.L. formal write up will take between 3-5 pages

HINT: Discuss the importance of your M.A.L.L. being set up like a textbook
