

STUDENT HONORS AND AWARDS

The Clinton Community School Board believes that student achievement should be celebrated. Therefore the school district will provide a program that establishes honors and awards including, but not limited to, academic letters, scholarships and good citizenship awards for students to assist students in setting goals. Students are made aware of honors and awards and the action necessary on the part of the student to achieve them. Criteria for each honor and award will be kept on file at the building where the honor or award is bestowed. Qualifications for such awards shall be established by professional school personnel who have been delegated the responsibility by the Superintendent of Schools or the building principal.
