Mission Statement

The mission of the Clinton Community School District is to educate all students to their highest level of achievement through an engaging curriculum in a caring community.

As The Clinton Board of Education We Believe

All children, when meaningfully engaged and motivated, are capable of learning. The resources of the school district should be used to provide all children with equal opportunities to achieve to their fullest potential.

The classroom teachers have the greatest potential to impact student learning when they have a deep understanding of their content, are provided a well-designed curriculum, utilize the most effective instructional strategies, and are presented with high-quality and ongoing professional development with collegial opportunities to reflect on their work as well as supportive and meaningful input and coaching from district administration that allows for continual growth and improvement.

All children should be provided a rigorous and engaging curriculum designed to develop their full potential as lifelong learners and prepare them to continue their education, pursue a vocation, and become contributing members of society.

Learning will be enhanced by adherence to an integrated curriculum that promotes continuity and cumulative acquisition of skills and knowledge from grade to grade and from school to school.

A broad-based co-curricular activities program that encourages students to explore their individual talents and abilities enhances a rigorous and engaging curriculum.

All students should be allowed to develop, learn, and grow in a safe and nurturing school environment.

The school facility is an integral part of the educational experience for all children. Schools that are well designed and properly maintained provide children with a safe, comfortable learning environment and have a positive impact on overall student achievement and behavior.

The family is the primary influence in a child's life. All children learn better when their parents or primary caregivers are involved in their children's education.

Educating our youth is a responsibility of the entire community, carried out through a collaborative effort. The primary goal of public education is to prepare all children to become contributing members of an ever-changing multicultural and global society.

The Board of Education is the primary representative of the school district and acts as a bridge between the community and the district.

IV. “Presentations/Recognitions”

1. Revisions on the Good Conduct Policy

2. “Gold Key Recognition” - each month, during the school year, the district recognizes an individual or group that showcases accomplishments or service to the district.

3. “We Are Proud” - each month the board highlights outstanding achievement by groups or individuals in the Clinton School District.

We Are Proud

(Sullivan-Pope) We are Proud of 6th grade students who recently had their Market Day, which is a culminating unit activity in Social Studies. Students make a product, market it, and then “sell it” at the “Market”. Students are able to earn “Slocum Bucks” or “Lemke Loot” for various things throughout the unit that they use to “purchase” items at Market Day. Some of the homemade items this year included Spirit scrunchies, wooden pencil holders, painted rocks, candles, and fishing lures.

(Pelham) We are Proud of CMS who welcomed King, the therapy dog, this school year. He got right to work and there have been so many positives because of his presence in the building. King has helped individual students by reducing anxieties, de-escalating behaviors, and supporting emotional needs. He is a welcome sight to many students and staff at CMS by bringing smiles and laughter wherever he goes.
